

Meet Tammy Schmidt

I received my BSN from Fort Hays State University in 1981. I then completed the School Nurse Certification program through FHSU and the Kansas State BOE in 1994. I have worked for 17 years as a School Nurse in Ottawa County. I am currently an employ of USD 239-North Ottawa County serving 750 students K-12 and staff. I serve as Co-Chair of our Wellness Council, District Coordinator of our Worksite Wellness Program, Instructor for our District CPR, AED and First Aid Training, Co-Chair for our Crisis Leadership Team, Mentor for Kansas Wesleyan University School Nurse Practicum, active member of the Ottawa County Multi-Disciplinarian Team, PAT Advisory Board, Certified Instructor for Open Airways Course, and have presented at the Kansas School Nurse Conference-New Nurse Orientation on "Planning and Management" the last three years. School Nursing is my passion and I am so fortunate to have a job that is so rewarding!

I am committed to KSNO. "Professional is as Professional does!" I believe being a member in our State's Professional Organization is critical to being involved and up to date on School Nursing in the State of Kansas. This is my first year to serve on the KSNO Board as Member at Large. It has been a huge learning curve for me, but one that has helped me to see the bigger picture of where we, as an organization, have been and where we are headed. I am also a member of NASN and Sigma Theta Tau International Honor Society of Nursing.

My husband of 29 years is the Minneapolis High School Ag Teacher and FFA Advisor. We have three grown children. We are huge K-State fans and love our family times together.
