

## Meet Joann Wheeler

I graduated from St. Mary of the Plains College in 1983 with a Bachelor of Science degree in Nursing. I work as a School Nurse for the Maize school district since 1995. I am also the Nursing Coordinator for the district since 2008. As coordinator, I mentor new nurses, organize our in-services, provide orientation for substitute school nurses, and serve as liaison to the Education Support Center. I am the CPR instructor for the district. I have been a member of KSNO since 1997.
