

2012 School Nurse Conference

The 23rd Annual Summer Conference for School Nurses was held July 16-19th in Wichita, Kansas. Over 350 school nurses from across the State gathered to sharpen assessment skills and put themselves in the position to improve the care they provide to the school children in Kansas. Sixty-five new school nurses attended the New Nurse Sessions.

Kansas School Nurses were honored to be joined at the conference by Linda Davis-Alldritt, RN, President, National Association of School Nurses. Linda opened the Wednesday morning session with a keynote presentation: *Advocacy, Access, Achievement: School Nurses Making the Connection*.

Kansas school nurses will once again meet in Wichita next summer July 15-18 for the 24th Annual Summer Conference.

It happened at the Hyatt.....
