

NASN WANTS YOUR STORY

Whose Story? Parent's Stories

Kenny Lull, NASN's Communications Manager, is collecting positive parent stories about school nurses. You have all, no doubt, had parents give you "kudos" for the great job you do in providing health services for their child(ren). Please ask those parents to write a letter that shows the value of school nurses. The more letters the better!

Please mail the letters to Kenny Lull at:
